

WHAT CLIENTS ARE SAYING ABOUT MYCG

Christie Gross is nothing short of brilliant. She asked me what was important, and then together we created a policy platform that distinguished me in my statewide race. While achieving this, she scoured the nation to provide me with concrete best practices in an expedient, yet professional fashion. I would recommend Christie and My Campaign Group, LLC to anyone who desires personalized policy development.”

- Andria Simckes Democratic candidate for Missouri State Treasurer, 2008

“MYCG provides deep insight into a broad range of policy issues. Their assistance was invaluable in the preparation of our statewide policy platform, enabling our campaign to cover a wider scope of policy areas in greater detail and with innovative and well-researched ideas.”
